## **Comments:**

An affordable starter home with 3 Bedrooms and 1 ½ baths in the Town of Front Royal this **TOTALLY REMODELED** townhouse is just perfect for your family. The main level features a large eat-in kitchen, a large living room, and a ½ bath – ALL with new flooring, paint, carpet and appliances. The upstairs has three bedrooms and a full bath – ALL with new carpet, flooring, and paint! There is also an improved (unfinished) basement ready for you to convert into a family room, den, or whatever you need! The basement has a walkout to the backyard, which is **MUCH** larger than you get with the typical townhouse! **PLUS**, you have a paved driveway for private off-street parking.

Being within walking distance to schools, food shopping, and getting a totally remodeled property that even has a new roof makes this townhouse convenient, worry free – perfect! The price on this home makes it the lowest priced three bedroom property in move-in condition in all of Warren County - A must see!

**HUGE Rent Credits of up to \$400 per month \* Problem Credit Okay \* Monthly Payment starts at \$995.**
